RE: Non-GMO Statement – Sunflower Oil

Sovena USA (seller) hereby guarantees that the Sunflower Oil was produced from Identity Preserved (IP) non-GMO seed. Records are maintained of all producers contracted to grow non-GMO varieties, including descriptions of the best efforts required to produce, harvest, store, and transport the seed in such a way as to preserve its identity. The oils produced from these seeds are maintained by a defined protocol.

In addition, no sludge products, sewage, or irradiation procedures were used in the processing of this product.
